FIELD HISTORY SHEET

Instructions: Fill out this Field History Sheet for all fields (organic, transitional, and conventional). You can use your own form as long as it contains the same information. List all inputs used or planned for use, including compost and/or manure. Inputs that have already been applied must include the rate and date of application unless you are keeping separate input records. Keep copies for your files. This form should accompany your Organic Farm Plan or Organic Farm Plan Update form.
